Niche Talent Finders Global Recruitment Network

Who is Niche Talent Finders?

Niche Talent Finders-NTF is your smart recruiting source that connects highly experienced **Cybersecurity, InfoSec and Leading Technology Professionals and Executives** domestically and internationally with top companies. NTF **partners with clients** to understand their unique talent requirements, evaluate and understand their specific recruiting challenges, desired core competencies and specialized technical expertise to effectively identify "high performing talent" for each individual search. Our extensive global talent network, recruiting methodology and assessment expertise provides us the ability to ensure we identify the right talent for our clients' specific needs.

What is NPAworldwide?

NPAworldwide is a network of boutique recruitment firms located across 6 continents. Members work cooperatively to fill your talent needs locally, regionally, and internationally. NPAworldwide is owned by its members, so each firm is vested in the long-term sustainability and success of the network.

How Niche Talent Finders and NPWorldwide Can Benefits You!

Working with an NPWorldwide member recruitment firm offers numerous benefits to clients, including:

Boutique service

Work with an owner, partner, or recruiter with a strategic interest in your success. Employers receive superior results and the ability to develop long-term partnerships.

Single point of contact

No matter where you have hiring needs, a single NPWorldwide member can manage the entire recruitment process. You don't need to spend time vetting new recruitment partners for one-off assignments.

Professional

NPWorldwide membership is offered on a selective basis to recruitment firms with a proven track record of both experience and success. Trust, reliability, and integrity are hallmarks of our cooperative environment.

Backed by a network of peers

Whether you have a specialized local role to fill or need to find talent overseas, NPWorldwide members rely on their network connections to deliver results.

Local and global knowledge

NPWorldwide members provide access to affiliated firms with market knowledge, language and cultural sensitivity, legal expertise, and best-fit candidates for openings in the countries where you are hiring.

Cybersecurity Staffing and Search

We are a premier provider of **Cybersecurity** direct placement and staff augmentation services to start-ups, midsize and global organizations. Our objective is to provide the very best talent to support our clients short-term contract and full-time security positions by minimizing our clients time and mitigating our risk by doing our due diligence on the front-end of the recruiting cycle. We work with the hiring manager to prioritize what may, or may not be in a Job Description. At NTF our assessment methodology and requirements gathering process increases our probability for success and decreases the time and frustration hiring managers spend evaluating candidates that aren't a fit. We understand recruiting is a small part of a hiring managers responsibilities and we do our level best to help minimize your valuable time.

- >Cybersecurity Staffing-Providing cybersecurity staffing augmentation for critical projects
- >Cybersecurity Professional Placement-Talent acquisition services that meet your full-time professional needs
- >Cybersecurity Executive Placement-Retained or Contingent Cybersecurity Executive Placement
